29 September 2021

Dear Parents/Guardians,

Please find the attached list of the first 65 students who are travelling on the tour to Paris. Due to a serious glitch with our online payments portal on Monday 27<sup>th</sup> September it resulted in the system crashing, this in turn caused our automatic close off preferences to be disabled, which unfortunately lead to the tour being oversubscribed. Our Operations Manager did his best to override this late that night, but regrettably extra students were able to create accounts. In addition to the system crashing this also caused all tours to default to the UK and various other destinations.

It is hugely regrettable that this has happened, and we are well aware of the confusion and upset this has caused all involved. The School Tour Company can only offer our sincere apologies for this and advise that any student that has paid outside of the list of 65 will be refunded immediately.

Yours sincerely

The School Tour Company Team
