

6th Year Students 2023-24 - Career Planning

Our 6th Year students will attend the annual **Higher Options & World Skills** event on **Thursday 21st September 2023** in the **RDS complex**, Dublin. All 6th Years are expected to attend. Please note, the Buses will depart the school at **8.00am sharp** this year so we kindly ask **all** 6th Year students to be in the school for this time on this particular occasion.

This year we are taking in the **World Skills** event <https://worldskillsireland.ie/> as well as the Higher Options <https://higheroptions.irishtimes.com/landingpage> event, so it is a great opportunity for students to familiarize themselves with the many possible Career/College/ Job opportunities and Pathways available after leaving school.

It is essential that each 6th Year student utilizes his time there in an efficient and sensible manner in order to gain maximum benefit from the event.

The **20 euros** cost for the event includes bus + events ticket - please Do Not purchase separate Tickets online as this is already done. **Payment via the School App** would be greatly appreciated as soon as possible.

The *Guidance Team* are currently informing all 6th Year classes about the event, and details including *Lists of Exhibitors, Talks, Maps and other information* will be provided to students as it is updated - all such information is also being posted in their *Google Classroom* groups.
