*** Passports/Identification -Ireland/Britain Routes

Adults

It is recommended that all passengers bring a passport with them. Irish and British citizens do not strictly require a passport to travel between the two countries - some form of identification is however required. Photo ID, Bank Cards or bills for house utilities addressed to you are all acceptable and useful means of identification, particularly in periods of heightened security alerts as exists occasionally in the UK. Please note that all other nationalities require passports. Non-EU nationals should check with the British or Irish embassy before travelling as they may also need a visa. Passengers who turn up at our ports without valid documentation may not be allowed to enter either Ireland or Britain It is responsibility of each passenger, parent, guardian or group leader to ensure that the documentation is valid and readily available for inspection at check-in. Irish Ferries accept no liability in this regard - the onus is on the passenger to ensure that the documentation is correct.

Children

We recommend that children should carry one of the following means of identification

- School ID
- Youth club membership card
- Library card
- Sports club membership card

An adult accompanying the group to vouch for the children will generally be sufficient
