

## HIGHER OPTIONS EVENT : THURSDAY 5TH NOVEMBER 1pm- 6pm

**OVERALL INFORMATION:** Please visit <https://higheroptions.vfairs.com>

During the live event there will be a series of talks, and exhibitors will be in attendance. All of the exhibition stands containing video, pdf brochure downloads and information will remain on the platform for ticket holders to access for a further 30 days after the event closes. This enables students and guidance counsellors to access the material after the event.

Students can gain access from their mobile phone, tablet, laptop or desktop device. They will each have an *individual profile* for collecting information that is relevant to them.

**HOW TO ACCESS THE EVENT:** Access codes will be sent out by the Irish Times to your Guidance Counsellor . We will issue those to you via email in your Google Classrooms Careers. There will be one unique access code for each student who bought a ticket.

To enter the event the student enters their code by clicking on the button that says 'Student tickets'. They will find this screen on the event landing page - "**Login Here on Event Day**" on the [higheroptions.vfairs.com](https://higheroptions.vfairs.com) link.

Please also note the [Code of conduct](#) as stated by the event organisers.

**PREPARE FOR THE EVENT:** Please see *Preparation Document*, including a *Worksheet*, in the 'Download a Preparation Worksheet' section of the main link above, or via this link:
